

Materials Provided On-Site by the Fair

Through the various documents posted on the *Judge Information Board* we have attempted to provide all of the information you will need to serve as a judge. Here we list the physical materials that you will be given when you register in the Convention Center as well as other materials that will be available to you in your category's caucus room.

Materials Provided at Registration

After authenticating yourself and completing registration on Tuesday you will be given:

1. **A badge** identifying you and your affiliation attached to a lanyard to hang over your neck so that the badge will be easily visible to the finalists in the Exhibit Hall as well as to Convention Center staff guarding the entrances to the Exhibit Hall and the judge caucus rooms area. The Exhibit Hall is restricted to registered attendees, while only Grand Award judges will be allowed in the caucus rooms area.
2. **The Grand Award Judge packet** which contains:
 - a. **Clipboard** – Intended for your use in recording notes about projects and while interviewing students. The remaining items will all be clipped to the clipboard.
 - b. **Grand Award Judge Ribbon** – This and your category ribbon (see the next section) should be attached side-by-side to the bottom of your badge. This blue ribbon will distinguish you from SAO (Special Award Organization) judges whose ribbon is a distinctive red.
 - c. **General Schedule** – The schedule of Grand Award Judge activities for Tuesday and Wednesday.
 - d. **Interview Schedule** – A single blue half-sheet listing all of your scheduled interviews along with their times.
 - e. **Scoring System Login Instructional Sheet** – This will explain how to get access to the private wi-fi network reserved for judges entering scores and notes. The network name and password will be supplied separately (see the next section).
 - f. **Judging Finalist Directory** – A booklet listing all ISEF Finalists.
 - g. **Lapel Pin** – Commemorating your participation as a Grand Award Judge at Regeneron ISEF 2024.
 - h. **Stylus Pen** – A pen for your notes combined with a stylus for touch screens.

If you register remotely on Tuesday (see document *E – Registering on Tuesday* in Section III of the *Judge Information Board*) you will need to come extra early on Wednesday to authenticate yourself and collect the above items.

Wednesday Only:

We expect that almost all judges will already own a personal internet-connected device, such as a smartphone, with which they will enter scores for each interview. For those judges without one, the fair will have a small number of mobile devices available to check out at Registration on Wednesday morning. These must be returned to Registration Wednesday evening. There is no cost to borrow a mobile device, but you will need to leave your driver's license as security.

Materials Provided in Your Caucus Room

When you arrive in your caucus room, introduce yourself to your co-chairs so that they can record your attendance. Then collect the following materials:

- **Category Ribbon** – This ribbon identifies your judging category both in words and by color. This ribbon should be attached to the bottom of your badge side-by-side with the blue Grand Award Judge ribbon that you received at Registration.
- **Appreciation Certificate** – This certificate acknowledges your contribution as a Grand Award Judge at Regeneron ISEF 2024.
- **Judge Private wi-fi Network Credentials** – You will need the network's name and password in order to login to the judge private wi-fi network and submit interview scores.
- **Child Safety Agreement** – You must sign this agreement and return it to your co-chairs before leaving the caucus room.

In addition, you can pick up a few copies of the following if you would like to use it:

- **Rubric Worksheet** – This is a grid listing the suggested judging criteria along with their weighting factors. A single sheet will accommodate multiple projects in separate columns. Use of this worksheet is optional. Some judges find it useful as a guide, but you may determine your interview scores however you decide is the most appropriate.
